

What's on?

At 7:00pm on Thursday 29th October the Annual Lecture of Arthritis Ireland and the Ankylosing Spondylitis Association of Ireland takes place.

Within Our Reach: A Lecture on Advances Towards Finding a Cure for Arthritis

The special guest speaker is Professor Joachim Sieper, eminent rheumatologist and expert on Ankylosing Spondylitis.

Professor Sieper will discuss how advances in the treatment of arthritis have made significant differences to the quality of life of people with arthritis, and the importance of continuing the search for a cure. All are welcome to attend. Please [email](#) or telephone 01 6470203 to confirm attendance.
